

QObject

```
classDiagram
    class QObject
    class TestBinomialHelper
    TestBinomialHelper --|> QObject
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'QObject'. Below it is a box labeled 'TestBinomialHelper'. A blue arrow points from the 'TestBinomialHelper' box up to the 'QObject' box, indicating that 'TestBinomialHelper' inherits from 'QObject'.

TestBinomialHelper
